

An opportunity to acquire a franchise area with Cashbax

Cost £15,000

Each postcode is sold as an area, currently 124 have been sold and there are 33 left

Would you like to earn
£800,000
growing year on year
without selling anything?
Of course you would

**We offer a once
in a lifetime opportunity**

Area are limited, going fast...

Launching shortly

Cashbax are launching a recruitment program to bring on board approximately 1000 introducing agents throughout the UK. To manage those agents **we require Regional Agents strategically located throughout the UK**. We are only looking for one Regional Agent per post code, so **the opportunity is limited and once it's gone, its gone!** With support from the National Sales Agent and support team, you will help recruit, grow, and manage a team of approx 30 introducing agents. You will earn from EVERY sale made by the businesses or property sellers introduced by your Introducing Agents within your postcode.

We have over 50 Regional Agents in place and over 100 Introducing Agents with more joining daily. We have many businesses and property sellers wanting to use the system.

What is Cashbax?

Cashbox is a new card based marketing and loyalty system and is unlike anything you have ever seen before. It is designed to help any size business acquire and retain customers, it also works with property sales.

Cashbox rewards customers with cash and not points and also rewards the business and or property seller for using the system.

Most loyalty systems use points, would you prefer points when you make a purchase, or would you prefer cash?

Ask yourself this question:

If you could buy a property, product or service and receive up to **100% of the cost back at no extra cost to you** – would you be interested?

Of course you would, but more to the point, so will everyone else!

Imagine two Conservatory salesmen from different companies, both trying to sell their product to a client. What can they do to entice their customer to come to them and not the competitor?

The only option at the moment is to discount. Now, what if both Conservatories cost £25,000, but one of the salesmen were able to offer the client up to £25,000 back, at no extra cost to them. **Which one do you think would get the sale?**

What would you prefer, a discount, which you don't believe anyway or up to 100% of your money back? That is the principle behind Cashbox.

Protected Area

We define a postcode as the first or second letter, e.g. CV not CV1 as a postcode so a region could for example be HU, DN, L, LE, NG, etc as their regional postcode. **You would earn from every single sale** from those businesses in your region that your introducing agents have introduced Cashbax to.

To make life easier for our introducing agents to come on board **we are allowing them to join for FREE**. This will ensure that anyone who has the capabilities to become an introducing agent is not restricted by a lack of capital. Depending on the size of the region, we would expect to have between 30 & 50 agents working for the Regional Agent.

Income

You as a Regional Agent will earn exactly what your Introducing Agents earn! For example, if you have 10 Agents earning only £50,000 each, you will earn 10 x £50,000. **That's right, £500,000 per annum** plus approx £300,000 in reward bonuses and you didn't sell anything.

Too good to be true?

It's already happening, we allowed a property developer to use the system prior to launch because they were selling off-plan with completions in August. 6 properties sold within three weeks, **the regional earned £27,000 and that was from one client**. They have over 60 houses to sell with other build phases later. The buyers will receive up to 100% of their purchase price back at no extra cost to them.

Cost

To take advantage of this once in a lifetime opportunity, the Regional position has a £15,000 license fee. **Remember, once its gone, it's gone.**
